

On December 9th

VOTE FOR

KELLY

and vote for change!

www.kelly4council.com

QUALIFICATIONS:

- ⌘ Employed 21+ years in a First Nations setting;
- ⌘ Relevant Post Secondary education includes Accounting, Business Administration, Human Resources with current studies in obtaining a BA in Public Administration and Governance;
- ⌘ Relevant experience in not-for-profit includes policy development, strategic planning, change management, emergency planning and project management;
- ⌘ Relevant experience with various committees include policy committees, housing working groups, Tyendinaga Education Committee and Health & Safety Working Group;
- ⌘ Personal attributes include complete dedication, ethical accountability and a strong set of moral standards and principles.

WHO AM I?:

I have lived in the community most of my life and have raised three beautiful children, Keelan, Kennedy and Ryan with my husband Michael. Like you, I am extremely proud of Tyendinaga and very grateful to call it a home to raise my children. The strong sense of community and family makes Tyendinaga a strong, proud Haudenosaunee Nation that I am honoured to be a part of.

I have strived to achieve the knowledge and education I require to take on the role of leadership in a community that I hold dear to my heart. I continuously seek the guidance needed to ensure equality for all of us and to question the decisions that pose a threat to our People.

WHY SHOULD YOU VOTE FOR ME?

With my combination of work experience exclusively in First Nations Governance, my education and most importantly, my commitment to the People of Tyendinaga, I can eliminate the “learning curve” as a Councillor and immediately delve into priorities deemed by the community as a whole.

I will commit to approach issues in a proactive way, through planning and community consultation. I am dedicated to increase accountability and engagement with the membership, address education funding and support and focus on making culture and language a priority. I also understand that in order to become more self-sustaining, the leadership need to have a strategic focus on economic development and own-source revenue.

And finally, although most importantly, in a time of the Truth and Reconciliation report, we need a focus on healing at a community level, utilizing all of the talented experts we have on our Territory.

On December 9th, vote for change, vote for **Kelly (Brant) Maracle** and together we will achieve greatness!
